Popol Vuh: The Mythic Sections-Tales Of First Beginnings From The Ancient Kiche-Maya (Ancient Texts & Mormon Studies, No. 2)

Synopsis

Popol Vuh: The Mythic Sections--Tales of First Beginnings from the Ancient K'iche'-Maya is number 2 in the Ancient Texts and Mormon Studies series. This series presents a wide-ranging collection of important ancient texts that are of interest to Latter-day Saints. Each volume includes the ancient text, a readable translation, technical notes, and general commentary. These materials tell what is known about the historical origins and ancient purposes of the text and show its main points of value to modern religious readers.

Customer Reviews

I had Dr. Christenson as a professor and his work is excellent. He has spent years living with the maya and becoming intimately acquainted with their culture; they even allow him to participate in some of their rituals. I believe the advantage of his work is not so much his language understanding (though it is far from lacking), but his comprehension of the culture. When he translates, he knows what the phrase or idea meant to the ancient maya, and translates accordingly. He also includes extensive and interesting footnotes about maya beliefs. For understanding the people behind the work, Dr. Christenson is one of your best sources.

A must have for everyone who study mayan culture and history.
