Customer Reviews

Excellent book for TOEFL iBT test. Cover all the skills you need for the test (reading, writing, speaking, listening). It comes with an English lab access that is very helpful when you are studying for the test. Other important fact about this book is that it comes with an answer key that explains all the answers for the exercises.

It is really better than before one. Especially I can do listening practice and mini test online.

This edition has no new Readings or new material compared with the last edition.

The book format has improved but the content is exactly the same as that of the previous versions. A complete rip-off! Very disappointed.

It doesn't look new
