The Coven (Sweep, No. 2)

Synopsis

The Coven is the second book in Cate Tiernan's wildly popular young adult fantasy 'Sweep' series. Morgan is not who she thought she was. She is not a regular sixteen-year-old girl. She is a witch. A real, ancestral witch. Her parents are not her biological parents, and she and her sister share no blood. Even in the coven, she is too powerful now, too different to belong. She is alone except for Cal, who is now her boyfriend. Cal tells her he loves her, and she needs to believe him. He helps Morgan accept the truth: Wicca is in her blood. As Morgan learns more about Wicca, she realizes that she needs to find out more about her parentage. The answers are there, but she doesn't know how to find them. --This text refers to the MP3 CD edition.

Customer Reviews

"The Coven" picks up right where book #1 left off. In just a few days Morgan has discovered Wicca, fallen in love and fought with her best friend. Now it seems that everything she has believed about herself and her family for the last sixteen years is about to be exposed as a lie...I've gotta say I liked this book a lot more than I did "Book of Shadows". Initially, I didn't find the characters that interesting (take into account I prefer my heroines full of attitude in the Susannah "The Mediator" Simon style) or the relationships between them that realistic. One thing I do love, however, is the information on Wicca. Since beginning this series I have started reading up about it on the Internet, and while I can't see myself becoming a witch in the foreseeable future (perfectly happy being agnostic thanks very much) this series has helped to change my perceptions of the whole idea. Overall, I would

award this book four and a half stars. Definitely recommended to any fans of Wicca and I promise the ending will leave you desperate for the third book in the series.~Jenna~(who is now starting to get addicted to these Sweep books and seriously regretting having started reading them)

After Morgan was announced into the coven everything changed. She has a boyfriend, her best friend hates her, and she's seeing everything in a new life. But when she learns a life shattering secret from her past her view on everything is changed. She finds herself getting futher and futher into wicca against her parents wishes and she suddenly feels as if she belongs. But will her thirst for knowlege about her real birth mother change everything? Or will it just destory it. Like the last book in the series this book is an amazing book on magical witches. But unlike the last in the series it's much more suspenseful and dark. I loved this book it's better than the last and I can't wait till the next one comes out. I reccomend it to anyone who's read the first book or is a fan of Silver Ravenwolf's Witches Chillers books.

Everything in Morgan's life is changing. She now has an incredible boyfriend who loves her and her former best freind hates her guts. To top that off she finds out she's a blood witch only to discover that her parents are not her real parents. She's adopted! Morgan, thanks to Alice at Practical Magick finds out about her mother and father. She finds that she is the daughter of 2 witches, Maeve Riorden and Angus Bramson. She also finds out she is the last descendant of Belwicket, a Woodbane coven that renounced dark magick. Through all of this Bree and Raven split off from Cirrus to join a different coven. And Morgan is worried that their leader is teaching them dark magick. Another great addition to the Sweep series. Also the first appearance of Hunter and Sky!

SPOILER ALERT: I'm giving this three stars instead of four as although the story is interesting and the writing is pretty good, book 1 and book 2 could have really been one book. The cliff hanger endings are kind of annoying and I feel like breaking up the story into 15 (fifteen? really? probably won't get that far) is a ploy for the author or (or both) to get more \$ out of me.

Hi. I'm the author of Sweep, Cate Tiernan, and I wanted to thank everyone who's been reading the books and reviewing them for . I love getting the feedback, and it's very exciting for me to get firsthand reports of what people liked and didn't like about the series. It's been a really fun series to work on, and I appreciate everyone's kind words. I can't wait till you can read Sweep #3 and #4--you won't believe what's going to happen! Right now I'm working on #6, Spellbound, and even I'm

surprised by some of the things these characters do. Thanks again, and keep reading! Best, Cate Tiernan

In *The Coven* Morgan has found out that she is a blood witch and thinks if she is one then the rest of her family is too. But when she tells them these things it doesn't go the way it should and she also finds out that she was actually adopted when she was only nine months old.

Age Recommendation: 14 and up Morgan has finally accepted the fact that she is a blood witch. However, she is eager to find out more about her past, since she is adopted. Morgan learns that her parents were burned alive because they left their clan of witches. Moreover, Morgan finds out that she is naturally gifted and that spurs her into learning more about her heritage. Eventually, Morgan learns about witchcraft and the responsibilities that come with it. However, Morgan's best friend, Bree, and Bree's best friend, Raven, quit Cal's coven because they are jealous of his relationship with Morgan. Moreover, Bree and Raven go join another circle but for a different reason than healing: revenge. Morgan is scared for her best friend but she is also certain that the revenge that Bree wishes to inflict will be upon her. Will Morgan be able to protect herself? This book about Morgan a blood witch. She finds out that she is adopted and everyone has known all along well everyone except her. She begins to feel angry towards her family. She is no longer talking to her best friend, guy troubles as usual. But she finally gets to experience love. She starts a search for her birth parents and find out some really creepy stuff. You have got to read this book I can't wait to read #3.
