# Alphabetimals Coloring Book (Dover Coloring Books)

## Synopsis

From Alligator to Zebra, these animal-shaped letters spell out fun! This inventive new approach to the ABCs depicts a C-shaped cat, a horse in the form of an H, and a kangaroo configured as a K. The Alphabetimals offer kids 28 memorable, imaginative images that will help build associations between letters and words. They're great to color, too!

## Customer Reviews

I love this coloring book. My daughter is reviewing her letters and these pictures are great. I was concerned the letters would look distorted because they are also animals but they look true to letter form :).

I have used these letters as flash cards (kids love them) Also they are GREAT to use for scrapbook layouts. Sandy

Love it! Great educational coloring book for little ones learning their letters. Nice bold thick lines. I use this with my 3 year old while homeschooling his brother.

my kids love these (and so do I)! I would think these would be great for photocopying for a

classroom!

Cute coloring book to help kids learn their letters. It's nice because none of the pictures are too complicated which is good for little ones learning their ABCs.

My daughter uses these to start my 3 year old grandson in pre-school. He loves showing off his progress.

Cute fun! I thought it would be single sided but was double... But still good!

Great coloring book especially for the little ones.
