# Teenagers Face To Face With Bereavement

## Synopsis

Nearly 20 teenagers express themselves in the book, with the authors taking their cues from the interviewees. The language is informal and easy for readers to relate to. The authors discuss what happens when illness or an accident precedes death, the funeral, shock and post-shock, and the range of feelings, and include especially valuable sections on possible reactions people have on the anniversary of a death, how to rebuild a life following the death, and how friends might react to grieving teens. Throughout are quotes from the teenagers themselves. Publishers Weekly, June 9, 1989

## Customer Reviews

The reviewed copy is a hardback. A relatively older title, the book looks at the experiences of 17 teens, interspersing their comments in the text. Moderate readers might struggle to keep the narrative together. The stories from the teens are a highlight of the book, which makes the effort fruitful. A chart in the front is helpful for those tracking an individuals path through the book.
